

HELPING HANDS FOR HOSPITALS

A Brief Report 2019

Helping Hands for Hospitals was able to take its initial strides connecting health care facilities with health care providers . This new journey has been an amazing experience to most of us who are involved . The year 2019 was the first year of helping hands where we were practically able to learn how we could connect and function for a better result .

Feb 16th 2019

The year began with the Executive Secretary Dr Benjamin George meeting in Coimbatore Mr. Joseph Puthooran , who with his vivid knowledge and experience was instrumental in

designing the website helpinghandsforhospitals.com. The website was developed the following months after much discussions and conferences online.

The website helpinghandsforhospitals.com

The website is a platform where hospitals can place their needs , a health care provider can express their willingness to serve , admin can post the needs to fill Vacancies and let the members know the activities of the organisation. A free registration allows one to log in and keep track of the need and opportunities.

June 2nd 2019 Consulting Experts

Helping hands for hospitals admin had a meeting with Dr. Sam David from the Missions Department, Christian Medical College Vellore in which he in the light of his experience , advised how helping hands can work more efficiently in the present day India. Mr. Nidhi and Mr. Timothy from CMC Vellore pitched in their valuable opinions as we approached them.
